Wakefield Bridge

WAKEFIELD BRIDGE steel shingles are designed as an alternative to common asphalt shingles, but with the toughness and long-lasting qualities of high-strength steel roofing panels. With our limited 50-year warranty, these steel shingles may very well be the last roof you install on your house for as long as you live.

WAKEFIELD BRIDGE steel shingles are manufactured with a stucco-embossed finish for greater strength and a distinguished look. Available in a **SELECTION OF ATTRACTIVE COLOURS** to perfectly match today's popular residential construction cladding materials, they will increase the value of your home and improve its exterior appearance.

Granite Grey

Terra Red

Alpine Evergreen

Black Mica

Black Slate

Adirondack Autumn

DUE TO THE LIMITATIONS OF THE PRINTING PROCESS, COLORS SHOWN MAY DIFFER FROM ACTUAL PRODUCT. PLEASE CONSULT OUR COLOR CARDS.

Lightweight, Recyclable and Reflective

WAKEFIELD BRIDGE steel shingles are at least 60 percent lighter than asphalt shingles, concrete and clay tiles, cedar shakes and slate roofing. They are more resistant than all of them with the exception of heavy and costly slate and much stronger than aluminum shingle

WAKEFIELD BRIDGE steel shingles are manufactured from new and recycled steel. Unlike common asphalt shingles made from fossil fuels, they are not subject to the fluctuations of world market oil prices. Unlike discarded asphalt shingles clogging our landfill sites, they are entirely recyclable. Our steel shingles are protected by our proven oven-baked PVDF paint system with Kynar 500[®] resin and the most advanced "Cool Roof[®]" solar reflection technology ensuring exceptional protection from solar radiation and reducing the cost of summer air conditioning.

- FLUORONL/S SR, PREMIUM FLUOROPOLYMER COATING WITH 70% KYNAR[®] RESIN AND SOLAR REFLECTIVE PIGMENTS
- DYNAPRIME POLYESTER CORROSION RESISTANT PRIMER
- BONDERITE 1402W, CHROMATE CHEMICAL PRE-TREATMENT TO ENHANCE PAINT ADHESION AND CORROSION RESISTANCE
- GALVALUME, ZINC/ALUMINUM COATING
- CORROSION RESISTANT BACKER COAT

PVDF PRE-PAINTED GALVALUME (AZ 55) STEEL SYSTEM
WITH KYNAR 500[®] RESIN
ASTM-A792 SS GRADE "33" GAUGE: 29 (.017" THICK)

The Superiority of Steel

Steel shingles carry the unquestionable advantage of being long-lasting. They will not rot, curl, crack, break, chip, peel and perforate under normal use and minimum maintenance. Have no fear of rain, ice, hail, sleet, snow, wind, sun, frost and even burning embers from forest fires.

Ask your dealer about **WAKEFIELD BRIDGE** long-life steel shingles and our transferable 50-year limited warranty

From now on,
simply enjoy life!
